

# **RSSP MEETING**

→ *Logistics Information Systems*

## **Interface Requirement Agreement**

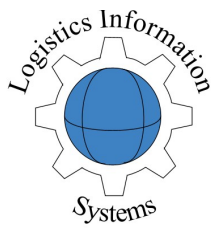

Presented By  
MSgt Norm Bryant  
HQ SSG/ILSPR  
1 MAY 03

# **Interface Requirement Agreement (IRA)**

*Logistics Information Systems*

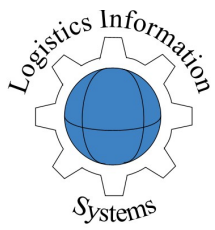

- **Required between each Contractor ICP system and the SBSS whenever there is an exchange of data or a change to the original IRA (e.g. added a new transaction to pass)**
- **Previously only one document was required**
- **Today there are two documents required**
  - **One document is needed to reflect an exchange of data flowing from the SBSS to a Contractor ICP system**
  - **The other document is needed to reflect an exchange of data flowing from a Contractor ICP system to the SBSS**
- **What impact does this have to existing IRAs?**
  - **All previous IRAs must be re-accomplished if an exchange of data between systems is to continue**

# **Interface Requirement Agreement (IRA)**

→ *Logistics Information Systems*

- **Some Good News**
  - **Transactional formats are included in each document, as applicable to the directional flow of information**
    - **AEx, ASx, ANx, A2x, etc, when the flow of information is from the Contractor ICP system to the SBSS**
    - **AOx, AMx, ACx, APx, etc, when the flow of information is from the SBSS to the Contractor ICP system**
      - **NOTE: Both parties must identify and validate the specific transactions applicable to their IRA**

# **Interface Requirement Agreement (IRA)**

*Logistics Information Systems*

- **What do you need to do and when do you need to do it?**
  - **If you have an existing IRA with the SBSS you will be contacted by Mrs. Toni Briggs @ SSG sometime in the near future**
  - **If you do not currently have an IRA with the SBSS and you require one, contact Mrs. Toni Briggs at DSN 596-5522 or COMM (334) 416-5522**
